Retired Greys Inc and the Queensland Greyhound Racing Club.

A board member of the Queensland Greyhound Racing Club (QGRC) has made allegations and references that the funds provided by the QGRC to assist with a 12-month radio contract have not been used as they were intended.

This accusation is false, misleading and incorrect.

Retired Greys Inc has not been contacted by an official accountant from the QGRC in any way relating to this matter or any other matter.

This board member has taken it upon himself to demand documents and share this untruth with other members of the QGRC club and the public, causing suspicion and mistrust of the Retired Greys Inc Brand.

Retired Greys Inc has tried to communicate with the QGRC and has supplied all documentation to prove this falsehood, demanding an apology and retraction.

The QGRC has not apologised or supplied a reason for this allegation.

Retired Greys Inc can assure its members, customers, adopters and adoptees that these allegations and insinuations are completely fabricated by the board member for reasons unknown to us.

Retired Greys Inc is a non-profit to support rehoming and post adoption care and support. However until this matter is resolved all adoption's must cease.

We thank our supporters as we navigate our next steps to restore our reputation and integrity.
